

2024 Conservation Commission Goals (Adopted 5-1-24)

1. Continue conservation easement monitoring and identify conservation easement problem areas
 - a. Engage with / hire a conservation easement monitoring professional and/or land management company
 - b. Find and review historical priority properties list
 - c. Refer violation areas to Code Enforcement Officer
2. Ongoing special meetings for training
3. Explore options to update the Open Space Master Plan
4. Pollinator Preservation
 - a. Create pollinator gardens and develop preservation and O&M plans on Conservation and/or Town owned property
 - b. Review Design Guidelines and develop recommendations (if any) to Planning Board
 - c. Explore options at Meadow Glen
5. Complete Bill Valentine Park improvements per existing plans

2024 Town Forest Goals (Adopted 6-5-24)

1. Schedule Town Forest Maintenance / Clean Up Day annually
 - a. Clean up and widen trails where applicable (Trail D, G, H, I)
 - b. Remove invasive plants
2. Discuss and implement solutions to trails needing attention, review and update trail markings as needed
3. Create RFP/Q for design-build, including permitting, to construct a handicapped accessible bridge over wetland and other trail work on Trail F
4. Work with Code Enforcement Officer regarding encroachments identified by SELT
5. Explore measures to maintain the condition of the bridge leading from parking lot into Town Forest
6. Explore measures to address changing water levels effect on the trail system
