

**Southern New Hampshire Regional Water Project – Route 28 Water Main
Bi-Weekly Progress Report
May 27, 2020**

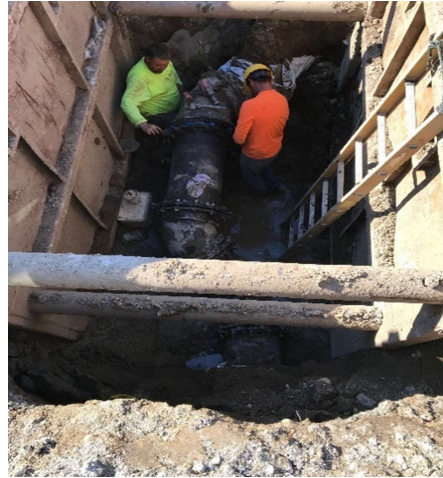

This report identifies work on the Route 28 Water Main Project that Revoli Construction has completed in the last two weeks and anticipates progressing during the next two weeks. Roads will remain open during the day, unless otherwise noted, and delays should be expected. There may be some night time work with alternating traffic around the work zone. Officers or flaggers will help you pass through the work zones. Thank you for your patience during construction.

Last Two Weeks

- Water main installation for the crossing at the intersection of Route 28 and Range Road was completed. Surface restoration continued along Route 28 in previously disturbed areas.
- Installation of water main via directional drilling at the intersection of Route 111 continued.
