

Southern New Hampshire Regional Water Project – Route 28 Water Main  
**Bi-Weekly Progress Report**  
**November 20, 2019**

This report identifies work on the Route 28 Water Main Project that Revoli Construction has completed in the last two weeks and anticipates progressing during the next two weeks. Roads will remain open during the day, unless otherwise noted, and delays should be expected. There may be some night time work with alternating traffic around the work zones. Officers or flaggers will help you pass through the work zones. Thank you for your patience during construction.

**Last Two Weeks**

- Drilling and blasting operations in Windham continued along the project route.
- Water main installation was completed between Goodhue road and Northland Road and will continue moving south through the project extents.

**Preparation for Water Main at a Road Crossing**

**Water Main and Valves Being Delivered to Site**

**Water Main Installation**

**Water Main Gate Valves Installation**

**Next Two Weeks**

- Water main installation will continue moving south on Route 28.
- Drilling and blasting operations to remain ongoing in both North and South Windham.
