

SURVEYING SERVICES

RFP (2016-033)

SALEM, NH

ADDENDUM NO.1

December 16, 2016

This Addendum forms part of the Bidding and Contract Documents for the Surveying Services Project. The items set forth herein, whether of omission, addition, substitution or clarification, are all to be included in and shall form part of the proposed work and Proposals submitted to the Town of Salem, New Hampshire. Inclusion of this Addendum shall be acknowledged in the Consultant Proposal. Failure to acknowledge any and all addenda may be cause for rejection of the bid by the Owner on the grounds that it is not responsive.

The following changes and information are hereby incorporated into the Contract Documents:

Item 1

No changes have been made to the submittal due date and time. Proposals **must be received no later than Thursday, December 22, 2016 before 1:00 p.m.** to be eligible for consideration by the Town.

Item 2

Questions received during the bidding period and answers provided:

Q1: Could you please clarify the following: Section 4 Item 5: "requesting financial ability to execute project" Not sure what is being requested to satisfy this requirement?

A1: *Please include a statement or other information affirming that the firm has financial resources sufficient to secure all necessary labor and equipment to complete the survey work, and to cover the cost of other anticipated reimbursable allowances such as wetlands delineation and police details.*

Q2a: We have mapped the various roadways and assume that the linear footage required for survey is based on sections identified by the Town since these do not match some of the full lengths of roadway.

Q2b: Please verify the stated road lengths are intended to include only a portion of the full length of those roads.

A2: *Northeastern Boulevard survey will extend from North Policy Street approximately 1,440' westerly to the Cul De Sac (Northeastern Boulevard is a private drive beyond that point).*

Community Street survey will extend from Lakeview Street approximately 679' northwesterly to

Lakeside Street. Doiron Road survey will extend from Shadow Lake Road approximately 246' northerly to the Town Line. Zion Hill survey will extend from the intersection of Bluff Street approximately 9,500' northwesterly to the intersection of Shadow Lake Road.

Q3: The RFP lists that this survey is required to be in "NAVD29". Assume this is a mistype and you were looking for this to be NAVD88? Or NGVD29?

A3: *Vertical survey datum shall be NGVD29. Horizontal survey datum shall be NH State Plane Coordinates NAD83(2011) based on established control with a minimum positional accuracy (95% confidence) of 0.07'.*
