FORMER SALEM WASTEWATER TREATMENT FACILITY
SARL DRIVE (FORMERLY 346 SOUTH BROADWAY)
SALEM, NEW HAMPSHIRE
NHDES #198405033**

This report identifies work completed during the period from June 24 to July 7, 2023 by GeoInsight, Inc. (GeoInsight) and Thermal Remediation Services Group, Inc. (TRS) at the Town of Salem's former Wastewater Treatment Facility (WWTF) located at 346 South Broadway (off SARL Drive) in Salem, New Hampshire.

WORK COMPLETED THIS PERIOD

- An estimated 275 pounds of target contaminants have been removed by treatment.
- Subsurface temperatures in the treatment zone reached an average of 25.7 °C (78.3°F) and a maximum temperature of 38.4°C (101.1°F) was recorded.
- Ambient air and soil vapor screening activities were conducted on June 28 and July 5.
- Environmental groundwater monitoring activities were conducted on June 28 and 29.

The remediation area (TRS photo; view is to the south). Average treatment temperature over time.

NEXT TWO WEEKS

- ERH system operation and monitoring will continue.
- An environmental groundwater monitoring event will be completed during the week of July 17, including "Hot Zone" wells.
- Ambient air and soil vapor monitoring activities will be conducted.
