**2021 ROADWAY IMPROVEMENT PROJECT
SOUTH BROADWAY DRAINAGE AND ROADWAY IMPROVEMENTS
SALEM, NH**

Bid Opening Date Change

February 18, 2021

Perspective Bidders for the 2021 Roadway Improvement Project – South Broadway Drainage and Roadway Improvements are hereby advised of a Bid opening date change. The new Bid opening date shall be **MARCH 2, 2021 at 1:00pm**.

In an effort to maintain fair and competitive bidding practices, the Town requires additional time to consider funding scenarios and project sequencing with ongoing and future adjacent projects. Additional coordination efforts are needed for the adjacent intersection reconstruction as well as future Salem Rail Trail construction and a private utility upgrade project.

Project document changes are not anticipated; however, if significant project changes occur following the necessary additional coordination effort then all Bids which have already been received will be rejected and returned unopened.

Under the General Conditions Terms and Conditions of the CONTRACT DOCUMENTS bidders who have already submitted bids may withdraw bids up to three (3) calendar days prior to the new bid date with written request. Refer to Withdrawing Bids.

****END OF NOTIFICATION****
