

**TOWN OF SALEM, NEW HAMPSHIRE**  
**By the Salem Town Council**

**Resolution #2025-21**

**Brady Avenue Water Improvements Construction**

**WHEREAS:** Funding in the amount of \$540,642.78, is available in the Water Demand Benefit Assessment Account.

**WHEREAS:** The Town of Salem, through the authority of the Board of Selectmen, adopted Chapter 455 Utility Demand and Benefit Assessment, on February 9, 2004, pursuant to RSA 38:28, RSA 38:27 and RSA 149-I:7 and Chapters 398 and 477 of the Town Code.

**WHEREAS:** Brady Avenue Water Improvements is listed as a priority tier 2 project in the Water Master Plan, both as replacement and extension of service.

**WHEREAS:** The purpose of the immediate project will be to extend approximately 3,450 linear feet of new 12-inch ductile iron water main, from 73 Brady Avenue to Lowell Road.

**WHEREAS:** The Town of Salem, through its Town Council, acting in their capacity as water commissioners, has full authorization to authorize this funding request.

**NOW, THEREFORE, BE IT RESOLVED BY THE SALEM TOWN COUNCIL THAT:**

Funding in the amount of \$300,000.00 from the Water Demand Benefit Assessment Account shall be made available for construction costs and related engineering services for Brady Avenue Water Improvements as listed in the Water Master Plan and Capital Improvement Plan.

**SPONSORED BY CHAIR SWEENEY BY REQUEST**
