January 6, 2026
FOR IMMEDIATE RELEASE

PRESS RELEASE

Town of Salem residents are advised that new voting districts and polling locations will take effect beginning with the **March 2026 Town Meeting Election**. These changes were approved by voters at the **March 2025 Town Meeting** and are intended to improve accessibility, reduce overcrowding, and better accommodate Salem's growing population.

As part of the approved redistricting plan, the Town will reduce the number of polling locations from five to four. The updated polling locations will be:

- **Woodbury Middle School**
- **North Salem School**
- **Fisk School**
- **Barron School**

Under the new plan, the **Woodbury Middle School** will replace the Senior Center as the central Polling Location. Most voters who previously voted at the Senior Center will now vote at Woodbury. Additionally, the Soule School polling location will be eliminated, and voters who previously voted at the Soule School will now be distributed to Woodbury, Barron, and Fisk.

Woodbury Middle School was selected due to its larger capacity, improved handicap accessibility, and more adequate parking, allowing for better overall voting experience. Postcards will be mailed to residents prior to the March 2026 election to notify voters of their assigned polling location.
